Data Entry Statistics Setup

Obs User: [Data Entry Clerk ▼]

District: [District ▼]

Location [Location ▼]

Reporting Period: [By Specific Date Range (31 days or less) ▼]

From: [/ /] 📅   Until: [/ /] 📅

Month: [/ /] 📅

} From and Until will be displayed if "By Specific Date Range (31 days or less) is chosen from Reporting Period.
Month will be displayed if "By Month" is chosen from Reporting Period.

- Obs User - options include 1) Data Entry Clerk (for retrospective paper form entry) and 2) Provider (placeholder for future point of care)
- District - is based on Location IDs roll-up to District. Managers can pick one or more districts. If it's not being selected, the default is all districts.
- Location - is based on Location ID. This is disabled until District is choosen. Managers can pick one or more locations. If no Location is chosen, the default would be all Locations within selected Districts.
- Reporting Period - it has two options - By Specific Date Range (31 days or less) or By Month
  * If choosing By Specific Date Range, it will then prompt
    a) From - is for report start date and b) Until - is for report end date.
  * If choosing By Month, it will then prompt Month/Year options
- Report by Daily Obs - is to generate the User Data Entry Statistics Report based on observations per day within the specific report date range.
- Report by Form Type - is to generate the User Data Entry Statistics Report by Form Type within the specific report date range.
- Report by Monthly Obs - is to generate the User Data Entry Statistics Report based on observations per day within month (daily obs and monthly average obs).
